RIGA REMAINS DANGER POINT

BULLETIN.
LONDON, Sept. 8.—A German air raid on the east coast of England occurred last night. The official statement regarding the raid says:
"Hostile aircraft revisited the eastern counties Tuesday night and dropped bombs. It is known that there have been some fires and some casualties but particulars are not yet available."

LONDON, Sept. 7.—The news that Emperor Nicholas had placed himself at the head of his army, which he announced in a telegram to Raymond Poincaré, president of France and the visit paid by the French commander-in-chief, General Joffre, to the Italian army, it is believed in military circles here foreshadow stirring events in both the eastern and western fronts in which the armies of all the allies will co-operate. It is said that the Russians are already nearly, if not quite, holding their own against the Austrians and Germans, whose advance at most points had been stopped.

Riga Remains the Danger Point.
Riga remains the danger point but the fact that the Russians continue to occupy the town after the Germans have advanced to the Dvina, southeast of Riga, leads military writers to the conclusion that the Russians feel reasonably sure of their ability to defend the river and in time to push westward sufficiently far to relieve the pressure on their forces on the shores of the gulf of Riga.

Westward of Dvinsk and Vilna the Russian offensive has now held the Germans for more than a week and to the military observers those two towns seem fairly safe unless the invaders are able to bring up strong reinforcements.

Russians Making a Stand.
To the southeast again, among the forests and swamps to the northeast edge of the Pripiet marshes a great battle is in progress between the army of Prince Leopold of Bavaria and the troops of the Russian center, the latter finally having elected to make a stand.

Amid the Pripiet marshes the German field marshal Mackensen is working hard for a decisive result. He reports that he has taken two Russian positions. Still another battle is being fought for the triangle of fortifications farther south of which Rovno and Dubno remain in the hands of the Russians.

The Austrians and Russians are facing each other across the Sereth river in Galicia, where the fighting is continuous. The stands which the Russians are making suggest that their supply of munitions is ample.

Correct Ammunition Shortage.
A Petrograd correspondent says the ammunition shortage of the Russians has been corrected and that while the production is slow it is incessant and growing in activity and method.

For the thirteenth successive day the allies have bombarded German positions in the west only varying their artillery activity by occasional air raids, sapping and mining operations and bomb throwing. In this fighting the Germans are also taking part and success rests first with one side and then the other. Similar activity is noticed on the part of the Austro-Hungarian army along the northern frontier of Serbia where the Teutons are strengthening their positions on the Rivers Sava and Danube, presumably preparatory to a new offensive movement.

SELL COURT HOUSE FOR TAXES.

Topeka, Kan., Sept. 7.—The Shawnee county court house here was sold for taxes today because a city and a county official could not agree as to which would make six blocks to receive or make payment of money due the city for paving.
The city official held the county must come to the city hall to pay its bills and the county clerk was just as positive the law provided the warrant register must be signed in the court house and in no other place. The paving tax became delinquent and as a result the property was put on the block as the only expedient. The court house was bid in by the county.

EIGHT ARE TAKEN UNHURT FROM FLOOD

**HUNDREDS OF PEOPLE ARE HOME-
LESS AT IOLA, KANSAS**

**Four Section Hands Are Drowned—
Flood Waters at Fort Scott Are
Receding—Place Property Dam-
age at \$200,000.**

Iola, Kan., Sept. 7.—Eight of the twelve persons reported missing flood which resulted today from the cloudburst of last night. Four section hands for the Missouri, Kansas & Texas railway were washed from the handcar upon which they were hurrying to safety and took refuge on a crossing sign. Later the current swept away the sign and the men were drowned.

With hundreds of people homeless and confusion prevailing everywhere, it was impossible tonight to obtain an accurate casualty or death list. Persons still were being rescued from house tops and trees and a vigil for bodies continues. Systematic relief work will be organized immediately. The flood is abating and Elm Creek probably will be back within its banks within a few days. As the waters have receded the town has become overrun with snakes. Hundreds of reptiles of all kinds are crawling through abandoned houses in East Iola. So far no fatalities resulting from snake bites have been reported. Stock raisers have suffered heavy loss as scores of carcasses were seen floating in the flood waters today.

Water Is Receding.
Fort Scott, Kan., Sept. 7.—Water from the Marmaton river, which rose thirty feet in a few hours early today, flooding wholesale and residence sections of Fort Scott and imperiling the lives of hundreds of persons, was receding tonight and fears of loss of life and further property damage had passed. Although scores of persons were rescued from trees and house tops and many structures were swept away, no one was killed so far is known. The property damage is estimated at \$200,000.

An unnamed telephone operator at Uniontown, 14 miles away and four cabdrivers share the hero rolls of the flood.

Cab Drivers Give Alarm.
A liveryman here aroused the four cab drivers in his employ. Horses were harnessed and in a few minutes were driving to the imperiled section. The Marmaton river divides North Fort Scott from the main section of the city. One into the residence section, the cab men began to shout, "Get out, the flood is coming," as they drove through the streets. At several homes the cabmen descended from their seats and pounded upon the doors of homes where their cries were not answered promptly. Twenty-five hundred persons resided in the district. Fifteen hundred, it was estimated, heeded the midnight warning from the cabmen, left their homes and sought safety across the river in Fort Scott. Everyone was warned and those who remained behind took refuge in second story rooms. Before morning the waters of the river swept into North Fort Scott and destroyed many of the abandoned homes. Business generally was suspended today while every available man helped rescue persons who had remained in North Fort Scott. It was estimated tonight 600 persons had been taken from dangerous positions.

GOVERNMENT RADIO STATION AT LAKE BLUFF IN OPERATION

CHICAGO, Sept. 7.—The government wireless station at Lake Bluff, Ill., was placed in operation today after a severe test which demonstrated that messages could be sent from the station to Honolulu. The station is for the exclusive use of the United States government and no commercial messages will be sent. The station will be utilized chiefly for the flashing of government messages to the stations on the Panama Canal and San Francisco, for the direction of the Pacific fleet and for relay to the Hawaiian Islands.

TWELVE HUNDRED CARRANZA TROOPS OCCUPY PIEDRAS NEGRAS

**Villa Forces Evacuate the Place and
Flee to Surrounding Hills.**

Eagle Pass, Tex., Sept. 6.—Twelve hundred Carranza troops under Gen. Benjamin Garza occupied Piedras Negras, the Mexican town opposite here today. Villa forces evacuated the place and fled to surrounding hills.

There was little excitement attendant upon the evacuation and few Mexican refugees crossed to the Texas side.

This is the fifth time Piedras Negras has changed hands since 1913 and the population apparently had become accustomed to swift changes which always have been made with-out a fight.

Thirty wounded Villa soldiers were brought to the Texas side last night. They probably will be sent to the El Paso internment camp as soon as they are able to be moved.
The evacuation today left the Villa forces without a port of entry on the lower Texas border, Piedras Negras, Nuevo Laredo and Matamoros now being under Carranza control.

ARMY TO CONTROL MEXICAN BORDER

**Policing Work in Interior
to Be Left to State and
County Officers**

TURN UP MORE EVIDENCE

**Circular Letter is Found Which
Ante-Dates Plan of the San
Diego Revolution Plot**

DIPLOMATS TO MEET SOON

BROWNSVILLE, Tex., Sept. 7.—It was announced here tonight that Major General Frederick Funston of the Southern Department is to issue orders placing practically the entire Rio Grande country in the Brownsville section in the hands of the United States army. It is understood that the army will devote its forces primarily to guarding the border, leaving the policing work in the interior, except when special troops are needed, to state and county officers.

The purpose it was stated, is to minimize the danger to international relations from a continuation of fighting across the Rio Grande, such as occurred several times last week between Mexicans on one side and Texas rangers and county officers, aided by American citizens on the other.

More Evidence of Conspiracy.
More evidence of a widespread conspiracy among Mexicans on both sides of the boundary to try to overthrow American authority in the border country was turned up by the authorities here today.

A circular letter was found which ante-dated by three months the plan of the San Diego revolution plot. This circular was dated October 1st, 1914. It was sent by a Mexican resident on a ranch near Brownsville to Mexicans on both sides of the border appealing to them to "rise in favor of Carranza and of independence because, at the rate we are going here, we soon will be living as slaves of the Americans."

The letter promised those answering the call "money and offices provided they still live at the end of the battles."

Keep Identities Secret.
The authorities did not make public the names of the Mexicans appearing on these circulars, believing that by keeping the identities secret they will have an opportunity to capture some of the signers. It also was learned today that more letters from California have been found. These letters indicated that organized plans have been afoot for probably more than a year. More buttons bearing a red flag inscribed "Land and Liberty" also have been found.

Major W. H. Hay, chief of staff for Major General Frederick Funston today continued his trip inspecting the posts and the country along the river above Brownsville.

Tonight near Brownsville all important towns and railroad bridges were under strong guards of United States troops. It was reported to the American authorities that two of the known bandit leaders, Aniceto Pizano and Luis de la Rosa, have been seen in the market place at Matamoros this week and probably still are in that city. General A. P. Nafarrate was asked, through the Mexican consul here, to arrest the two leaders and turn them over to the Texas officers.

To Consider Replies to Appeal.
Washington, Sept. 7.—Secretary Lansing and the Latin-American diplomats co-operating with him in the effort to re-establish constitutional government in Mexico will meet next week to consider replies to their appeal to the Mexican factions for a peace conference and to formulate the next step in their plan.

Mr. Lansing said today the meeting had not been definitely arranged but that it would be held before Sept. 15th, because Ambassador Nyon of Argentina leaves on that date for a visit to his home.

OPEN IMPORTANT CONFERENCE.

Wilkesbarre, Pa., Sept. 7.—What promises to be one of the most important conventions ever held by the United Mine Workers of America in the anthracite field was opened here today. Nearly 450 delegates gathered at the call of the tri-district executive board to draft a list of concessions which they will ask the coal operators to embody in the new working agreement to supersede the one operating until April 1, next.

THIRTY-NINE AUTOS BUT ONLY 4 WATCHES IN TOWNSHIP.

Springfield, Ill., Sept. 7.—There are 37 automobiles but only four watches in Pawnee township, Sangamon county, according to the report of the assessor made today to the county clerk, Charles Byers. Three of the watches are said to be owned by one man. The population of Pawnee was estimated at 1,500 souls.

AMBASSADOR DUMBA EXPLAINS LETTER

**NEITHER DIPLOMAT NOR LANSING
WILL COMMENT ON INTERVIEW**

Impression Prevails That Secretary Will Submit Matter to President, With Whom Will Rest Decision as to Whether Explanation is Satisfactory.

Washington, Sept. 7.—Dr. Constantin Dumba, the Austro-Hungarian ambassador, laid before Secretary Lansing today an explanation of a letter written by him to the Vienna foreign office discussing plans for withdrawing Austro-Hungarian labor from American plants making war supplies for Great Britain and her allies.

Neither Comment on Interview.
Neither the ambassador nor Mr. Lansing would comment upon the interview when it was over the impression prevailed in official quarters, however, that the secretary would submit the matter to President Wilson, with whom will rest the decision as to whether the explanation is satisfactory. The text of Dr. Dumba's letter, recently seized by British authorities from its bearer, Jas. F. J. Archibald, an American, was cabled to the state department early today by Ambassador Page at London and had been the subject of a conference between the president and Secretary Lansing before the ambassador reached the department.

It is understood that the use of an American passport to shield the messenger who carried only the Dumba letter but despatches from the German embassy and other documents, was regarded by them as quite as serious a matter as the activities revealed by the letter itself.

Outline Austrian View.
From reliable sources it was learned tonight that Dr. Dumba, in making his explanation, outlined the Austro-Hungarian view of the plans dealt with in his letter, contending that it contemplated no violation of the laws of the United States.

So far it was said, no steps had been taken but the ambassador had been instructed to give widespread publicity to a new decree of his government making nationals liable under martial law for rendering assistance in the manufacture of munitions of war for the enemy. This decree, previously announced, provides punishment of long terms of imprisonment and even death by hanging for Austro-Hungarians committing the offense at home or abroad.

Co-operation in carrying out the purposes of the law, it was pointed out, was held to be mere fulfillment of the duty of an ambassador charged with protection of his nationals.

It was not denied, however, that Austro-Hungary's representatives, while they had no desire to injure American interests would not hesitate to handicap in any way possible the efforts of their enemies to obtain munitions.

DECATUR MAN, HEAD OF RUSS AIR FLEET, IS MARRIED IN SEVASTAPOL

DECATUR, Ill., Sept. 7.—Charles Witmer, of Decatur, head of the Russian air fleet was married in Sevastapol, Russia, July 28, to Miss Lydia Michaelovna Peleg. The announcements received in Decatur today are printed both in Russian and in English.

Witmer did much of his flying in this country in Chicago and was sent by one of the American aeroplane companies to Europe to demonstrate the machines. He gave flights in practically every country and at one time took the brother of the czar into the air. When the war broke out the Russian government sent for Witmer to take charge of the air fleet. His headquarters have been in Sevastapol.

TWO ADDITIONAL BODIES ARE FOUND IN HULK OF SUBMARINE

HONOLULU, T. H., Sept. 7.—Two additional bodies were found today in the engine room compartment of the hulk of the wrecked United States submarine F-4 in drydock here. The condition of the bodies was such that identification was impossible.

Officials in charge of the investigation as to the cause of the disaster said today they hoped to have the hulk cleared of debris by Thursday.

Investigation of the causes of the accident last Sunday, when the United States Steamship Supply, crashed into submarines F-1, F-2 and F-3 at their wharf, incapacitating all of them was continued today behind closed doors.

GEN. GOETHALS IS HONORED BY PANAMA-PACIFIC EXPOSITION

SAN FRANCISCO, Sept. 7.—Major General George Goethals, builder of the Panama canal was honored today by the Panama-Pacific Exposition.

In the "court of the universe" in the presence of city, state and federal officers and representatives of the exposition, General Goethals, addressed an immense crowd, reviewing the history of the canal. Afterward he made a short talk to enlisted men of the United States army and navy who had escorted him to the grounds.

"It wasn't the army that built the canal," he told them, "nor was it the civilians; it was the loyalty and spirit of the cause."

DISCUSS PLANS FOR NATION-WIDE BODY

**Officials of The Friends
of Peace Hold Meet-
ing in Chicago**

WANT FREEDOM OF SEAS

**One of Its Aims Is Cessation
of Exportation of War Munitions
By Any Means**

WANT TO ENROLL 15,000,000

CHICAGO, Sept. 7.—Officials of the Friends of Peace met here today and discussed plans for a nationwide organization "for political and other action."

The contemplated organization, which was described by its founders as "for political action, but not a political party," will have as its aim, according to officials "freedom of the seas," from England's blockade of Germany; cessation of the exportation of war munitions by any means; and the influencing of congressmen in favor of legislation along the lines of the resolution passed by the convention of the Friends of Peace, which closed yesterday.

Seek to Enroll 15,000,000.
The ambition of the promoters is to enroll 15,000,000 names. The organization will take no action, leaders declared, with regard to loyalty to the United States government in case of war with Germany but leaders asserted that every member will "act according to his own judgment in such a case."

"There can be no doubt," said Francis L. Dori, editor of the "Vital Issue" and one of the leaders in the convention just ended, "that in case of war with Germany, many persons, acting privately, will refuse to actively support this government. Who can blame them? Personally I shall oppose any official stand by this organization to that effect."

John Brislin Walker, who was elected permanent chairman of the Friends of Peace, declared in favor of the new organization and said he would do all in his power to perfect it.

A committee of twenty seven members will have charge of the details of the National Organization. The completed organization will be composed of a national committee. One member will be selected from each state and additional members will be selected to assist the president in New York and the vice-president, who will be in charge of the western division, with headquarters in Chicago. Under the National committee will be state committees composed of one member from each congressional district.

Personnel of Committee.
The members of the committee of twenty seven are:

Robert Ford, New York, chairman; Louis J. Knell, Buffalo, secretary; William Libermann, New York, recording secretary; Mrs. Anna Schaefer, Chicago; James K. McGuire, Syracuse; Herman A. Metz, Brooklyn; Congressman Henry Vollmer, Davenport, Iowa; Carl Schurz, New York; Edward Henrich, Brooklyn; Herman B. Ridder, New York; John R. Kelly, Pittsfield, Mass.; J. B. Murphy, Brooklyn; Alexander P. Moore, Pittsburgh; Patrick H. O'Donnell, Chicago; Francis J. Dori, New York; John B. Walker, New York; Henry Waismann, N. Y.; Ferdinand Hansen, N. Y.; Jeremiah O'Leary, N. Y.; Horace Brand Chicago; G. C. Berkemeier, New York; Louis Brass, Brooklyn; Congressman Steven G. Porter, Pittsburgh; John G. Rehn, Thomas, Tuttle, New York; U. H. O'Neill, Chicago; Grace Reed, Chicago.

TORNADO SWEEPS OVER BUREAU COUNTY; ONE MAN IS KILLED

PRINCETON, Ill., Sept. 7.—William Whipple is dead and Clay Smith and John Bradley are seriously injured as the result of a tornado which swept over Bureau county late this afternoon. The men were threshing in a field near the town of Wynamet when the storm blew up. The wagon in which they were riding in an effort to reach shelter was blown fifteen rods and dropped over a fence into a field.

Many farm buildings at Wynamet were destroyed and the corn was damaged by wind and rain.

FOREIGN EXCHANGE WEAKENS.

New York, Sept. 7.—In the face of many apparent reasons for assuming a stronger tone the foreign exchange market weakened today and sterling went down four cents from Saturday's close to 4.63. The market had apparently discounted to the full the latest importation of gold from England, for instead of advancing the rate on sterling declined. Even the news that the shipment was almost twice as large as expected failed to check the slump.

INDIANAPOLIS MAYOR IS PLACED ON TRIAL

**DEFENSE WINS A VICTORY WHEN
COURT SUSTAINS MOTION**

**Seven Members of Regular Jury
Panel Are Unseated on Ground
That They Had Not Been Legally
Chosen.**

Indianapolis, Ind., Sept. 7.—The defense in the trial of Mayor Joseph E. Bell, who was placed on trial before special Judge W. H. Eichhorn in criminal court here today, won a victory this afternoon when the court sustained a motion to unseat seven members of the regular jury panel on the ground that they had not been legally chosen.

The jury box then was filled from the special venire and the examination of the prospective jurors was begun by the defense. Seven were examined, one being excused by the court when he had not formed an opinion on facts which he had obtained as a member of a grand jury last year.

That the part a local newspaper is alleged to have taken in the investigation of election irregularities will be made an important phase of the case was indicated by the questions asked prospective jurors.

In the questions it is intimated that the indictment against Mayor Bell which also names Thomas Taggart and 126 others, was drawn in the office of the newspaper and under the supervision of its management.

Politics cropped out again in the afternoon session when the prosecutor objected to Henry Spain of counsel for the defense referring to the county council as the "Republican county council."

The objection was sustained.

ANNOUNCE THAT EPIDEMIC WILL NOT INTERFERE WITH FAIR

SPRINGFIELD, Ill., Sept. 7.—The state board of agriculture issued an announcement today that the Illinois state fair would not be interfered with in any way by the foot and mouth disease epidemic which had broken out in several Illinois counties.

"I have been getting telegrams for two days," said B. M. Davison, secretary of the board today. "All ask about a rumor that the state fair is to be called off. I can't state in terms too positive that this rumor is absurd. The fair will be held; the only cattle barred from participation are those from five counties now in close quarantine because of the presence of foot and mouth disease."

"All stock brought to the fair will be rigidly examined before it is entered, but there is no ban on healthy stock."

It was understood here today that the Kane county fair at Aurora might be cancelled because of this cattle plague.

JUST MINE WORKERS LEGALISE MEMBERSHIP IN NATIONAL GUARD

HILLSBORO, Ill., Sept. 7.—Five members of the Hillsboro local of the United Mine Workers of America have been ousted from that organization, it was charged today, because of their membership in the Illinois National Guard. The matter has been referred to Adjutant General Dickson at Springfield, Ill., for investigation.

An Illinois state law makes it a misdemeanor for anyone to cause a member of the National Guard to lose his position because of membership in the military organization. Five members of the supply company, E, of the first regiment, Illinois militia, reported today that when they returned from the recent encampment at Springfield they were told they were no longer members of the Union and could not return to work.

HARRISON STATES HE ATTACHES NO IMPORTANCE TO TAFI'S STATEMENTS

MANILA, Sept. 7.—Francis Burton Harrison, governor-general of the Philippines, said today in reply to questions on the administration of the Philippines, voiced by ex-President W. H. Taft in a recent address at San Francisco, that he attached no importance to Mr. Taft's statements. Governor Harrison declared that when Mr. Taft was in the Philippines he was the most prominent among those advocating Filipino independence but was "the leader of the retentionists" when in America.

FOUR MINERS ENTOMBED.

Seranton, Pa., Sept. 7.—Four mine workers were entombed behind a fall of rock in the Dunmore vein of the Archbold Coal Co. near here today. Whether they are living or dead is not known but gangs of men working in relays are doing their utmost to blast a hole through the tons of rocks that have imprisoned them. The men were caught about 3 o'clock this afternoon when a cave-in blocked the gangways leading to the first and second surface openings.

CATCHER KILLER ILL.

Philadelphia, Sept. 7.—William Killifer, star catcher of the Philadelphia Nationals, may be out of the game the rest of the season, according to Manager Moran who returned here tonight from Brooklyn. Killifer did not accompany the other members of the team to this city but remained in New York under the care of a specialist.

TAKE SUSPECT IN ARMOUR BURGLARY

**Melville Reeves Will Be
Confronted By Mrs. Ar-
mour and Maids Today**

THREE HOMES LOOTED

**Police Believe Burglars Have
Been Conducting Systematic
Raids on Mansions**

ARMOUR TO OFFER REWARD

CHICAGO, Sept. 7.—Skillful burglars are believed by the police to have been conducting systematic raids on mansions in the city's most exclusive districts, during the absence at summer resorts of their millionaire owners. It was reported tonight that, besides the J. Ogden Armour robbery which occurred last night, a number of other homes in Chicago's fashionable districts had been entered. These included the residences of Congressman Martin B. Madden, former Judge B. T. Glennon and Rush C. Potter.

The extent of the robberies cannot be ascertained until an exhaustive investigation shall have been made by the police and the owners communicated with.

Take Suspect Into Custody.

Announcement was made tonight that Melville Reeves, known locally as the "Skyrocket" burglar, had been taken into custody and would be confronted tomorrow morning by Mrs. J. Ogden Armour and her three maids who were held at the point of a revolver while the Armour mansion was being robbed Monday evening of money and jewelry valued at \$3,460. Reeves was said by Captain P. D. O'Brien, chief of detectives, to resemble one of the burglars, as described by Mrs. Armour.

A finger print which appeared on one of the jewel cases handled by one of the robbers who invaded the Armour home is being compared with records at the police bureau of identification.

Three Residences Looted.

The Madden home is less than a block distant from the Armour residence as is also the Glennon home. The Butler residence is just across the street from Congressman Madden's home. All three were looted according to the police. It was said that from the Butler residence several hundred dollars worth of jewelry and a number of priceless heirlooms in the form of old jewelry had been taken by intruders, who effected an entrance through a broken window.

In Congressman Madden's home the burglars had gone to work deliberately. Silverware and jewelry had been collected and placed in bags and several expensive Turkish rugs had been rolled up, preparatory to being carted away. Before the work could be completed, however, the police arrived. The burglars evidently had gone to procure means of transportation for their loot.

It was said that nothing was stolen from the Glennon home, although, of course, this could not be determined definitely in the absence of the owner.

Armour to Offer Reward.

It was stated that Mr. Armour would offer a reward for the capture of the burglars who invaded his home and badly frightened his wife and three maids. The amount of the reward was not made public. Mrs. Armour appeared today to have recovered from the effects of the shock which she experienced last night and was able to confer with the detectives working on the case.

Reeves was taken into custody a year ago charged with numerous burglaries in large office buildings. His wife, who was similarly charged, was released by a jury, which disagreed, when it took up the charges against Reeves.

Bridgeport, Conn., Sept. 7.—Four hundred employees of the American Graphophone company tonight voted to give the company 24 hours notice that they will strike unless a twenty per cent increase in wages is granted. The company already has granted the 8 hour day and other concessions.

When Evelyn Thaw announced recently that she "was done with the Thaws," indicating that she would not contest the divorce suit brought against her by Harry Thaw, the reading public breathed more freely. There seemed to be a chance for a long respite with no Thaw affairs running in the papers. But now the actress says that she may have a further announcement to make and there comes the possibility that the suit will be contested. The several Thaw trials brought into print enough salacious details to last for many years and it is certainly a cause for regret if the whole mess must be canvassed and reviewed again through the medium of a divorce trial.

That is certainly an excellent suggestion made by Mayor Rodgers at the council session Tuesday about unpaved streets. He believes that every unpaved street in the city can be equipped with concrete curb and gutter and roadway between graded and oiled at comparatively small expense. The curb and gutter plan would do more than result in passable unpaved streets all the year through for boulevard lines would be definitely fixed and the general appearance of the streets greatly improved.

The curb and gutter would be constructed at grade and be in correct position for any future paving. Such a plan certainly would make Jacksonville uniformly beautiful. There are unpaved streets in all of the wards and if all were "dressed up" in the same manner the grand total of improvement would be one in which the whole public would share. Sixty cents per lineal foot is the estimated cost of the curb and gutter. The grading and filling would cost a sum wholly within reason so that the plan is one worthy of commendation and united action.

The voter in deciding on which side to cast a ballot in the coming election should keep in view only the good of Jacksonville. Personal prejudice or opinion should not be the deciding factor. Mere displeasure over some appointment by the present council or the failure on the council's part to take some action which the voter has hoped or asked for is not enough reason for vote to change the whole system of government.

A change now will mean another election a short time later and two other elections before the aldermanic system is again established and organized regularly for a two year term. Just in mere dollars and cents the cost will be more for the next two years to make the change than it is for the present form to remain. Good business sense dictates the course of giving the present administration a chance to show what can be done with Jacksonville's municipal affairs. No officer can accomplish much in four months time. A two year test would not be so unreasonable but certainly the time to judge and the time to change have not arrived.

Not Ready for Self Government.

A few years ago the change of government in China from a monarchy to a republic was heralded as a great advance and significant of the progress of that nation. Now comes the information that the old order is to be restored, events having given proof that China is not ready for the republic type of government. The demands made by Japan and other serious matters which have faced China have had much to do with a hastening of the return of the old regime.

It sounds well to talk about the rights of all people to govern themselves but the fact remains that there are a great many peoples not temperamentally or educationally fitted for self government. Such nations need rulers and not leaders. In Mexico the success of former President Diaz was due to the fact that while Mexico had a republican form of government, he nevertheless ruled in a way almost as absolute as that of a king or emperor. Attacks made on him for the policy he pursued had an appeal to sentiment in them but subsequent events have shown that Diaz was right and that his people needed a ruler, one who could mark their pathway with a strong hand.

In China the program for the return to a monarchical form of government has been mapped out largely by the aid of an American, Dr. Frank J. Goodnow, president of Johns Hopkins University. The Republic of China, scarce three and one-half years old, has failed to meet the governmental needs of the Orientals. There has been no concealment of the movement to restore the ancient monarchy, which has at least the virtue of concentrated power to meet the new situation which faces China.

Dr. Goodnow is in complete confidence with Yuan Shih-Kai, the president of the Chinese Republic. He has been the adviser of the president

in previous critical situations. When Dr. Goodnow went to China early in the summer, it was expected that big developments might ensue. Now word comes that another adviser was also called in. He is an Englishman, Dr. George E. Morrison, a former newspaper man and explorer. The removal of these men and their great friendly interest in China, as well as President Yuan's record, is such as to inspire confidence in the new step in the government of China.

Dr. Goodnow's views are well known. He has maintained that the yellow men of the East are not fit to govern themselves. This opinion he arrived at by long study of government and political science and he had a great opportunity to study the Chinese situation two years ago when he was legal adviser of the Chinese Republic.

The decision to revive the Empire is not of mushroom growth. Those who have watched the trend of affairs have predicted that the sacred throne of the Manchus would be revived. Yuan's gradual progression toward monarchy was compared by them to that of Napoleon. Always there was in his favor the fact that such trained troops as China had were loyal to him. Foreigners had confidence in his ability and safety. In every crisis the people turned to him. The great mass understood nothing of the warnings of Sun Yat Sen that Yuan would become despotic. Less than a month after Yuan had been elected president for a term of five years, in 1913, he expelled the opposition party which had more than a third of the membership of the Legislature. Before the end of that year there was talk of doing away with parliament altogether.

According to an American in close touch with the situation, the raising up of Yuan as Emperor is not due at all to personal aggrandizement. This observer declares Yuan to be an unquestioned patriot, a man of high integrity. "When he takes this new step," says this American authority, "it is certain Yuan will not do it without careful consideration and without first taking counsel with the ablest advisers whose services he can command."

China may yet develop into one of the powers of the earth. It is reported that a system of citizen soldiery will be the next big step in China, for Yuan is said to be planning a navy of submarines. It is also a known fact that an arrangement to float a credit for war supplies for China has been partially completed. China is awake to the need of preparedness. Yuan, whether President or Emperor, is shrewd enough to look well to the future.

CITY AND COUNTY

Dr. and Mrs. F. J. Iuen of Kansas City were visitors in Jacksonville, Tuesday. They had been in Merced for several days where the doctor enjoyed the excellent fishing which is to be found at Morgan county's only river point.

Ernest Wheeling, of 715 Jordan street, has arrived home after an extended visit in Chicago and La Salle with his two aunts, Miss Alice and Miss Emma Brooks, his brother, Fred, and sister, Mrs. Starr, and has resumed his duties at the Peacock Inn.

Mrs. M. J. Wyckoff and Misses Edith and Ruth Wyckoff have leased their home on Westminster street to Mr. and Mrs. Spink and have gone to Council Bluffs for the coming nine months. The Misses Wyckoff will teach at the state normal for the deaf there.

Capt. Alexander Smith is planning to attend the national G. A. R. encampment at Washington the latter part of the month. Capt. Smith has attended a number of these notable gatherings and his own record in the war makes him a conspicuous figure even when the heroes of all the states are gathered together.

Misses Blanche Turley and Mabel Jordan have returned from a weeks visit with relatives in Beardstown and Arenzville. Miss Turley has resumed her duties at the Ransdell Book store and Miss Jordan has gone to visit with her grandfather in the Ebenezer neighborhood. They expect to spend the week-end with relatives in Ashland.

BIG SHOW AT HIPPODROME. Manager Scott will show a big feature picture, "Midnight at Maxims," at the Hippodrome tonight. Mr. Scott had this attraction booked for Scott's theatre but owing to a mistake of his booking agent two big features were sent for the same date. Rather than send one back he decided to use both hence the showing of the "Midnight at Maxims" at the Hippodrome. This is one of the biggest features ever shown on a local screen, but the regular Hippodrome price of five cents will prevail for this great picture.

LICENSED TO MARRY. Robert Reed, rural route, Chapin; Miss Eliza Fernandes, rural route No. 1 Jacksonville.

Louis A. Pinner, Jacksonville; Miss Mary Frances Lanegan, Murrayville.

G. A. R. ATTENTION! The members of Matt Starr Post are requested to meet at State street Presbyterian church at 2:15 p. m. today to attend the funeral of our late comrade, Matthew W. Jensen.

THE BIRTH RECORD. Mr. and Mrs. Henry Stewart are receiving the congratulations of their friends over the arrival of a son at the home of Mr. and Mrs. Moses Greenleaf at Kingman, Kan. The mother and child are doing well.

CARD OF THANKS. We desire to thank all the kind friends who so generously aided us during the illness and after the death of our mother and supplied such beautiful flowers. Mr. and Mrs. J. W. Gibbons.

CITY COUNCIL HELD FIRST SESSION FOR SEPTEMBER

Reports From Officers Are Filed—Mayor Rodgers Makes Excellent Suggestion For Unpaved Streets.

The first meeting of the month for the city council was held Tuesday morning at 11 o'clock. Very little business was up for consideration other than to receive informal reports from the departments and the reports of officers. Mr. Cox reported completion of some grading work on unpaved streets and still other work which is soon to be in progress. Mr. Vasconcellos reported about some repair work in the light plant and Mayor Rodgers mentioned the receipt of a letter from the firm employed to sink some test wells at the north side station. The letter said that they expected to undertake the work in about ten days. Mayor Rodgers commented on the fact that he had heard a report recently that he was opposed to discuss being brought to Jacksonville this year and had told the advance men that a fee of \$500 would be required. The mayor went on to say that there was nothing he would rather go to than a circus and that he didn't even know what the fee provided by ordinance is, and that he certainly would have no other authority than the ordinance requirement. Mr. Pyatt said that the ordinance provides a fee of \$25 for a circus, or \$50 where the parade is to move over the paved streets. Mayor Rodgers suggested that he hoped it would be possible at some later time to put curb and gutter on each side of the unpaved streets and then grade the streets up with a crown and oil them. He said that he realized of course it would be impossible to secure paving for all streets and this arrangement would at a comparatively small cost make every street in Jacksonville passable all through the year. Engineer Henderson's estimate on the cost of curb and gutter is 60c per lineal foot. This would not be an oppressive expense and would be a permanent improvement for the streets. The curb and gutter would be laid at the proper grade so that if the street was ever paved the only remaining work would be to make any necessary underground pipe extensions and then to pave between the two curbs. The curb would also establish the boulevard line and would thus greatly improve many streets. Mr. Martin did not attend the session as he is in Quincy as a witness before the federal grand jury.

Officers Reports. R. L. Pyatt reported receipts of \$64.35 from Jacksonville cemetery, \$228.55 from Diamond Grove cemetery, \$223 through the city clerk's office.

Charles B. Gaff, city treasurer, reported a balance of \$6,801.94 on August 31.

The report of the water department signed by Commissioner Vasconcellos and Supt. Cobb showed total collections of \$2,522.80; water rent \$2,467.80; meters \$40; taps, \$15.

Harry Summers, sexton of Diamond Grove cemetery, reported thirteen graves made and John E. Pires, sexton of Jacksonville cemetery, reported nine graves made.

J. M. Coons, justice of the peace, showed fines collected amounting to \$82; city costs \$11.15; justice of the peace costs, \$55.80, making a total of \$168.95.

George P. Davis, chief of police, reported total number of arrests 43, city cases 33; states cases 10. Amount of fines collected \$168.95.

The arrests were as follows: Drunkenness 15; disturbing the peace 5; concealed weapons 1; violating local option ordinance, 2; vagrancy, 2; disorderly conduct, 4; assault and battery, 1; larceny, 2; gaming 11.

JUDGE EPLER COMING.

W. N. Hargrove announced yesterday that Judge Carl Epler will come to Jacksonville next Saturday night and make an address at the court house on the commission form of government. Judge Epler will not consider local issues at all but will simply discuss the question as a matter of principle. He has long been opposed to the commission as he believes that it does not provide proper representation.

Harold Young, of the east part of the county, came to the city yesterday in his Ford car.

ARMAND'S PERFECT COMPLEXION POWDER

This is the MOST REMARKABLE POWDER we have ever sold. It has been sold in America only a short time. It is a powder that can be mixed with water and applied as a liquid for evening wear. IT DOES NOT SHED. It stays on until you wash it off. It contains no rice to enlarge the pores, no chalk to dry the skin, nor any lead to make black heads. ARMAND'S POWDER IS LUXURIOUS, its texture is soft and very creamy, its perfume is exquisite, delicate and persistent. Armand's Face Powder is not expensive. Because of its extreme fineness a very little spreads much further than any other. ALL TINTS AND ONLY 50c A BOX.

REPORTS AT DIRECTOR'S MEETING REGISTER PROGRESS AT Y. M. C. A.

The winter's work at the Jacksonville Y. M. C. A. is beginning in good fashion, according to committee reports last night at the monthly meeting of the board of directors. Plans for the Bible study classes are well towards formulation and full announcement of courses will be made within a few days. To the physical committee has been added a medical staff and all who engage in gymnasium practice will hereafter be given the benefit of preliminary physical examination.

A membership campaign will be inaugurated the week of Sept. 27. This movement on the part of the Jacksonville association will be contemporaneous with a statewide effort to increase Y. M. C. A. membership. Carl E. Robinson was elected to membership in the board of directors last evening. Secretary Snyder referred to the increased interest manifest with the opening of school and H. A. Brewer had somewhat to say of physical department plans. W. G. Goebel, as chairman of the finance committee submitted a budget for the year's expenses, which was adopted.

The large west room in the basement is to be fitted up for use as a general meeting place and Bible study class room. Improvements will be made in the gymnasium lighting so that more light may be furnished at a less consumption of current.

WITH THE SICK.

Miss Una Nunes is ill at her home on Allen avenue.

The many friends of Mrs. Seguin, of North Main street, will be glad to learn that she is greatly improved in health; in fact, as well as ever, after her long illness. Mrs. Seguin was a patient at Passavant hospital for seventeen weeks, but careful care and nursing and the best of medical attention have succeeded in restoring her health.

Major John A. Vickery, the veteran hotel clerk, was kept from his duties at the Dunlap hotel Tuesday by illness.

Mrs. James Seymour of Franklin, was in the city Tuesday to visit her nephew, Howard Seymour, who underwent a surgical operation last Saturday at Passavant hospital. He is reported as doing nicely.

W. W. Bibb, who was at Our Savior's hospital for treatment for heart affection is at his home, 332 East State street convalescing.

Mrs. Angie P. Weber is quite ill at her home, 320 West Court street, having been for several days under physicians care for treatment for acute indisposition.

Mrs. Porter R. Leach of Chicago is very ill at the home of her parents, Mr. and Mrs. George J. Chambers of West College street.

Mrs. Constance B. Smith, professor of music at the University of Illinois, is taking a course of treatment at Oak Lawn sanatorium.

James Rice is very sick with throat trouble at his home on the Mound road.

Will Wed Today, at Murrayville.

The wedding of Miss Mayme Lonergan of Woodson and Mr. Louis A. Pieper of Jacksonville will be solemnized this forenoon at 9 o'clock at the church of St. Bartholomew in Murrayville. Both young people are known to a wide circle of friends and stand well in the community. The groom is a son of Mr. and Mrs. Anthony Pieper, this city, and the bride is a daughter of Mr. and Mrs. Thomas Lonergan.

Receptions at Home of Mrs. J. T. Gunn.

In honor of Mr. and Mrs. Reuben V. Gunn, of Madison, Wis., who were married last week, and Mr. and Mrs. Wheeler P. Davey, of Schenectady, N. Y., Mrs. John T. Gunn held an afternoon reception for fifty friends and received a like number at 8 o'clock Tuesday evening at her home west of Jacksonville. Both receptions were expressions of generous hospitality and the hours were passed in pleasant social manner by each of the one hundred guests. This evening at 10:45 o'clock the guests of honor will leave for Chicago, Mr. and Mrs. Gunn, en route for their home in Madison, and Mr. and Mrs. Davey, en route to Cleveland for a visit with relatives before going on to Schenectady.

In the receiving line were Mr. and Mrs. Reuben V. Gunn, the latter clad in her wedding gown of pineapple silk, brought from the Hawaiian islands; Mrs. Davey, attired in white crepe de chene, and Mrs. John T. Gunn, wearing gray silk. The house decorations were of asparagus and garden flowers. Refreshments were served in the dining room at appropriate hours. In the evening, Mrs. Reuben V. Gunn sang a trio of songs, one a Hawaiian selection. At the reception from 2 until 4 o'clock, Miss Laura Hammond, Mrs. Emma Smith and Mrs. J. W. Stewart assisted the hostess and Misses Laura Smith and Edith Stewart helped with the serving. During the evening hours, Mrs. Carl A. Kirby, of Petersburg, and Misses Virginia and Alice Gunn were assistant hostesses and Misses Bess Hadden and Eleanor Ironmonger assisted in the dining room. Misses Mary and Lois Daniels, of Petersburg, presided at the frappe bowl.

PRELIMINARY SESSION HELD BY ILLINOIS CONFERENCE

Board of Examiners Busy With Applicants—Street Service Held—Rev. W. S. Phillips May Go to Clinton.

(By C. R. MORRISON.)

Springfield, Sept. 7.—The coming of a few hundred laymen and ministers to an annual conference of Methodists, at the capital and convention city of Illinois, is quite an ordinary event. Vast political and commercial and fraternal organizations have frequently crowded its streets, overrun its hotels, and made the atmosphere heavy with brilliant music and more or less murky with the smoke of the weed, and suspicious with scent of liquid refreshments. In contrast with all this, the conference is a very quiet affair. Already public and private preparation has begun for the coming of 40,000 people for a week or ten days of state fair. So the presence of a few hundred preachers are insignificant.

But Springfield has many attractions. The capitol building, the sacred shrine of the Lincoln homestead on Eighth street, the monument at Oak Ridge cemetery, where sleeps the dust of America's greatest commoner, are objects sought out by the ministers, even tho' again and again they have before been visited.

Board of Examiners.

With W. N. Tobie of Lincoln as chairman and J. F. McNally of Buffalo as registrar, the conference board of examiners have been busy all afternoon and tonight, with the undergraduates in the course of studies. From year to year the examinations have grown more strenuous, until now, to pass the four years' course, read all the books assigned is equivalent to a full two years' course of seminary study.

None are admitted into full membership to the conference, who have not had an equivalent to an accredited High school course of instruction, unless by special majority vote of the conference. This is rarely given and only then when conditions are arranged for academy or college preparatory work in connection with their ministry. There are twenty ministers who constitute the board of examiners. Fifteen young men are in the first year's class and five in the second year. Those who are in full membership of the conference, but the third year's studies number sixteen, and the fourth or last year's class of undergraduates number six, making a total of forty-two.

Street Preaching.

The conference commission on Evangelism has arranged for a service on the street at 6:45 p. m. R. Y. Williams of Carlinville preached the sermon this evening and H. W. McPherson of Casey led the singing. The place of meeting is on the south side of the public square, and the small group of ministers and sympathetic supporters was quite in contrast to the usual Salvation Army group and bands of music that make a stir, and cry and sing aloud their message to a non-church going multitude.

Dr. W. F. Sheridan, general secretary of the Epworth League, delivered the address and under the leadership of the Conference President of Epworthians, Rev. F. B. Ward of Virden, an enthusiastic service was held. Rev. W. S. Phillips of Cerro Gordo, was in his welcomed and accustomed place as leader of song.

The Laity.

This is the time, when the laymen assemble in their distinct and separate conference, elect their officers, carry out a program of discussion and resolution and select nine delegates to represent the church at the general conference at Saratoga next May. The candidates for that place are not so numerous this year as in former years, though many more names may be presented by the time the session opens at 9:30 Friday. A full day's program, however, has been arranged for Thursday, but the disciplinary hour for convening the electoral conference is as above stated.

The following candidates have been announced:

James H. Shaw of Bloomington, Robert Means of Saybrook, Prof. A. H. Austin, Benjamin Kagey of LaPlace, Joseph R. Harker of Jacksonville, S. A. D. Harry of Mattoon, George W. Miller of Paris, Judge Snavley of Marshall, John H. H. of Quincy. They are all splendid men, and will represent the church with credit.

The usual reticence, maintained by the preachers on the opening days of the conference, is again quite noticeable. Everybody is "going back" except those district superintendents, whose time has expired, they are smiling, knowingly, as they lay down the harshness that some other man is to assume. Their smiles may broaden as the conference proceeds or shade down into gloom. So with others.

Jacksonville Methodists will be pleased to learn that Clinton has asked for Rev. W. S. Phillips to take the place of Rev. E. K. Towle, who is going into evangelistic work. Brother Phillips, however, is silent on the proposition, saying that it is "a long way to Tipperary," and "a long way to Tipperary" it may be a way that has many by-paths. Let us hope not, in this.

YOUNG CYCLISTS.

Yesterday afternoon H. E. and M. E. Herriott, of Bloomington, rode into the city on bicycles en route to Hannibal, Mo., for a visit with friends. The young men said they left the capital of McLean county at 11:53 a. m. Monday and traveled the miles to this place not making the trip in the direct line. They are prepared for camping and expected to reach their destination this evening.

Miss Margaret Johnson of Waverly is visiting Miss Margaret Murphy of this city.

HIGH SCHOOL AND HIGHER GRADES BEGIN YEARS WORK AUSPICIOUSLY

Formal Opening Program Varied With Musical Numbers—Members of the Faculty Made Special Announcements.

The auditorium of the David Prince school building presented a lively appearance yesterday morning when the pupils of the 7th and 8th grades and the high school assembled there to begin the work of the school year. There were nearly eight hundred of them and all the chairs were filled and many were obliged to stand in the side aisles but Supt. Collins said he hoped to have arrangements by today which will seat all. A very pleasing feature of the occasion was the good order maintained by the young people. There was a Babel of voices before the exercises began but at the word from the superintendent all were soon entirely quiet and remained so during the formal exercises.

Excellent music was furnished by the high school orchestra and the day's work was begun with reading of the scriptures by Supt. Collins, and all repeating the Lord's prayer in concert and then came "America" sung by the school standing and in good style. Supt. Collins then called on Prof. Carter, Mrs. Koch, Mr. Morrison and Miss Ellis to come to the platform and make some explanations regarding their work. Miss Ellis explained what would be the work in the type writing and short hand departments and stated that second year pupils would be expected to reach a speed of 110 words short hand and forty words on the type writer in a minute.

Mr. Morrison explained the manner of the work in bookkeeping.

Miss Helen Obermeyer then sang "with fine effect" "In the Candle Light" and was enthusiastically encored and kindly responded with a song, "The Day Will Soon be Breaking."

Prof. Carter explained that he would have some difficulty in arranging his classes. So many wanted to take studies in his department that he would be unable to accommodate all. One study had applications by forty pupils and his class room would hold but 28. He also wished to introduce agriculture with laboratory work and for this not yet many had enrolled but it would take with it due credit at the state university. He said it would combine chemistry, botany and zoology and he hoped eventually to have a plot of ground on which experiments may be conducted. He would try by dividing classes and in other ways to accommodate as many as possible.

Mrs. Koch said that a year would be devoted to the study of civics as it was important to train the pupils for the rights and duties of citizenship. No country offers such opportunities as ours and it is important that all should be well prepared for these duties. Civics may be taken instead of history to good advantage.

Uriel Gouveia sang a selection entitled, "Perfect Day" and was heartily encored and responded.

Supt. Collins then gave directions for enrolling, arranging studies and other matters and the program for the morning was ended. It is the expectation to get right down to work at once.

The Open Air School.

The open air school under the direction of Miss Laura Hammond with Miss Ruth Peak, able assistant, is beginning its beneficent work in good shape. There were 21 enrolled yesterday morning which is more than began the first day last year. Last year the school had at the beginning but three who were doing passing work. There were 38 enrolled during the year and at the end only four were not doing passing work. All were improved in condition physically. The school room is in good shape and the beginning is auspicious. It will probably be possible to furnish free luncheon this year though complete arrangements are lacking. On subject last evening Supt. Collins said the children would be fed at noon today anyhow and he hoped to keep it up during the year.

THE EDUCATION OF YOUNG WOMEN.

The Woman's college makes a specialty of the education of young women and girls. It has an equipment of more than \$500,000, covering every line of study in which women are interested.

True to our usual procedure, we have abstained from putting a player piano of popular price upon the market until our staff of designers and inventors had solved the problem of producing such An Instrument of GENUINE MERIT.

This is now accomplished and we are pleased to offer to the trade and the public our new Player Piano, the

MODELLO

AT SUCH A PRICE AND OF SUCH A VALUE AS TO CHALLENGE COMPETITION

It is a pleasure to state that this reduction in production cost has been accomplished without impairing quality. The MODELLO is a player piano of which any family may be proud. Its simplicity of lines is strictly in accord with modern taste and its mechanism is of the most advanced type. As a musical instrument it is without a peer at its price. It emphasizes our policy to give quality and value to the fullest extent.

The MODELLO is a Unit in Conception and construction.

Its technique is unfailing and gives the player absolute control over all essentials of playing, such as Tempo, Rhythm, Accent and Expression. Its ease of operation is remarkable, as loss of energy and friction have been reduced to the unavoidable minimum.

W. C. T. U. HOLDS ANNUAL COUNTY CONVENTION.

Different Superintendents Give Good Reports Showing Splendid Work.

The annual County Convention of the W. C. T. U. met in Grace church Tuesday and much to the disappointment of the officers and delegates, Miss Helen Hood of Chicago, state president of the organization, failed to reach here, on account of sudden sickness, but the convention passed off nicely in spite of the disappointment.

Meredosia sent in a most excellent report of a great amount of work done, and Franklin followed at close second.

The different superintendents gave good reports, showing splendid work.

One of the pleasant features of the program was the address of welcome by Mayor H. J. Rodgers, in which he paid a fine tribute to the work of the W. C. T. U.

The following officers were elected:

President—Mrs. Jas. Galloway, of Meredosia.

Vice Pres.—Mrs. Jonas Scott, of Franklin.

Treas.—Mrs. S. Darley, of Franklin.

Rec. Sec.—Mrs. Charles Hopper, of Jacksonville.

Cor. Sec.—Mrs. H. B. Daniel, of Murrayville.

Supt. Flower Mission—Mrs. Geo. Unland, of Meredosia.

Supt. Social and Red Letter Day—Mrs. Brannon, of Jacksonville.

Press and S. T. L.—Mrs. H. B. Daniel, of Murrayville.

Mothers' Meeting and Purity—Mrs. Murdock, of Jacksonville.

Cooperation with Missionary Societies—Miss Olive Blunt, of Jacksonville.

Evangelistic, Franchise, Literature including Chautauqua Literature and cooperation with Chautauqua Committee—Mrs. Sarah Cocking, of Jacksonville.

A new department was created and was also given Mrs. Cocking. It is that of Department of Information, and it will give our workers a much needed help, as it will include information in every department of work.

The County W. C. T. U. is most grateful for the courtesies extended by the Grace church, the Press, and the Local Union.

A splendid lunch was served at the church by the Local Union.

Vest Pocket Essays By GEORGE FITCH

Author of "At Good Old Slivash."

PONDEROUS PERSONAGES—LUCREZIA BORGIA.

Portrait of George Fitch, author of the essays.

Lucrezia Borgia was a lady who lived in Italy four hundred years ago and whose reputation is now being dry cleaned after having been alluded to with scorn and horror for several centuries.

Lucrezia was the daughter of old man Borgia, who was a big noise in Italy and was a Cardinal at a time when the clergy dispensed so much morality to the people that it didn't have any left for itself. At that time a daughter was so valuable an asset that the assessors considered listing them as personal property and the man who had three or four handsome daughters could very easily make a luxurious living as a father-in-law.

When Lucrezia was eleven years of age her father married her to a Spaniard who had plenty of money and a good political pull. However, no sooner had he done this than he discovered to his indignation that he could have gotten a better offer from an Italian lord. In those days people did not stand on petty formalities. Borgia promptly annulled the marriage and married his daughter all over again at a handsome premium.

Borgia, however, was climbing so fast that his daughter was doubling in value every year. This made the young lord very passe as a husband and presently the marriage was annulled. This time Borgia got a Duke for a son-in-law and was very well satisfied, for he needed Dukes in his political business, he being pope at a time when the tenure of office was very precarious and eventful.

However a split in the party soon took place and the Duke got on the wrong side. For this he was soon murdered by his brother-in-law and then Lucrezia's father, with a glad cry, advertised her for marriage once more and began looking over the market.

By this time prospective sons-in-law were a little shy owing to the consistent bad luck of the former incumbents, but the son of a Duke of Florence took a chance, and at twenty-two Lucrezia became a blushing young bride for the fourth time.

Lucrezia has been greatly criticized in history for her industry in collecting husbands and the circumstances under which at least one of them expired. But it is now admitted that she was merely an obedient daughter and would have married the whole Almanach de Gotha to the whole of Europe had she been asked to do so. She lived many years quite happily with her last husband and she is entitled to at least as much respect as the modern women who marry long series of husbands with no consent but that of the divorce judge.

SOX TAKE EXCITING GAME FROM DETROIT

CHICAGOANS WIN CONTEST IN SIXTH INNING.

Bunched Hits, Coupled With Erratic Fielding by Vitt, Stange and Bush Clinch Game—New York Defeats Boston.

Chicago, Sept. 7.—Chicago defeated Detroit ten to eight today in one of the most exciting games of the season. The locals won the game in the sixth inning. They launched hits and this coupled with the erratic fielding of Vitt, Stange and Bush, clinched the game. The Tiger infield was taken off its guard in this inning. Jackson and Schalk each beating out bunts which should have been easy outs. Chicago batted all the way round, Jackson being at bat twice. Six hits were massed by Chicago, which with all Detroit's misplays and a base on balls netted six runs.

WORLD'S MARKET NEWS

HUGE RECEIPTS IN NORTHWEST SEND WHEAT TO NEW LOW PRICE

Export Orders For Wheat Appear to Be Badly Needed—Wet Weather Tends to Scare Shorts in Corn.

Chicago, Sept. 7.—Huge receipts in the northwest were largely responsible for sending the wheat market today to new low price records for this season's crop. The close was unsettled at 90c to 14c not declining, with September at 92 1/2c and December at 90 1/2c.

Corn finished with a gain of 3/4c to 1/2c.

Oats up 1/2c to 3/4c.

In provisions the outcome was a setback of 12 1/2c to 5 1/2c.

Unofficial estimates by a leading expert that the aggregate domestic crop would not exceed 900,000,000 bushels failed to overcome bearish sentiment except to a very moderate extent and so too did late reports of wet weather in some parts of the winter crop belt.

Export orders for wheat appeared to be badly needed here as well as at other primary markets. In the United States, Seaboard announcements of 600,000 bushels to 700,000 bushels taken for Europe were said to refer almost wholly to purchases of Manitoba.

Wet weather tended to scare shorts in corn. The effect proved more than a full offset for temporary heaviness in sympathy with wheat and for growing reports regarding the crop outlook in Iowa and Illinois.

Prices of oats were relatively firm throughout the day owing to a good export call. Besides, it was asserted that poor grading threatened to become a more important factor than a majority of dealers had been led to expect.

General liquidating sales by discouraged holders of pork carried the entire provision market downward. On the break, however, it was said that export business developed and that domestic cash demand picked up also to a considerable extent.

A HANDSOME RUG AND TROPHY.

A few years ago F. L. Sharpe went to Louisiana with a company of five to hunt bears. It was at the same time that Roosevelt was hunting in the same vicinity, 50 miles distant. Mr. Sharpe's party killed four or five and Roosevelt but one. Mr. Sharpe himself bagged the largest and finest one, weighing four hundred pounds and sent the skin to have a rug made of it and yesterday he had it in the city showing it to some of his friends. It is a splendid article and naturally much valued by the fortunate owner who is such a successful hunter.

NEW TEACHERS SERVING.

Owing to the resignation of several teachers who were appointed to teach in the public schools a number of new teachers have been appointed. They are already at their respective duties and their names will be presented for confirmation at the board meeting this evening.

HENRIETTA D. GRAUEL

There is one adulteration no one finds fault with and that is adding cereal to sausages. Formerly the fat pork used in this meat mixture made them disagreeably greasy. Then lard, a sudden jump, and packers decided fat was too expensive for sausage making; less fat was used, but the cost of manufacturing the links remained too high, for lean pork could be sold in other forms to better advantage. Then a genius tried adding flour to pork and other meats mixed together. The result was a cheaper sausage, less rich and really better flavored. If you will look at the sausage from you will see stamped on it something like this, "Cereal sausage" or "Cereal sausage thirty per cent filler" or "Cereal blended sausage."

If you are interested in knowing what "blends" you are taking into your system you can make your own sausage with a third each of fresh pork, veal and beef, or all pork if

W. M. JOHNSTON DEFEATS McLAUGHLIN

Forest Hills, N. Y., Sept. 7.—W. M. Johnston, of San Francisco, won the United States single tennis championship here this afternoon by defeating his townsman, Maurice E. McLaughlin, 1-6, 6-0, 7-5, 10-8. The contest, which developed the most sensational court play since the famous meeting between McLaughlin and Brooks a year ago was an exhibition of both racket skill and court generalship. Another factor and the winning one was that of endurance and in this respect the victor had a decided advantage over the vanquished, especially in the long drawn out fourth set.

SUCCESSFUL EXAMINATIONS.

A few months since seventy nurses applied to the state board of nurse examiners for state registration. The examination is severe and thorough and all who pass it must understand their business well. Of the large number taking the examination only about a third passed and among the latter were five graduates of the training school of Passavant hospital. All of this school who were examined, passed with high marks which they received yesterday. The young ladies were Misses Clydie Andrews, Della E. Davis, Gladys M. Knopp, Ruth R. Stadler and Alice Walls.

Greatest Event in Woman's Life

All human experience looks back to motherhood as the wonder of wonders. The patience, the fortitude, the sublime faith during the period of expectancy are second only to the mother love bestowed upon the most helpless but most marvelous creation—a baby.

Women are quick to learn from each other those helpful agencies that aid to comfort, that conserve their nervous energy and yet are perfectly safe to use and among these they recommend "Mother's Friend."

It is entirely an external application designed to lubricate the broad, flat muscles and skin that protect the abdomen. It has been in favorable use for nearly half a century and is known to mothers in almost every settled community in the United States who highly recommend it. You will find it on sale in drug stores. "Mother's Friend" is utterly harmless, contains no deadening drugs and yet its influence in the skin and muscles beneath as also upon the network of nerves beneath the skin is very beneficial, very soothing and a wonderful help. The muscles expand naturally and are not subjected to the unnecessary surface strain and pain during a most trying period.

Get a bottle of "Mother's Friend" today at any drug store and write to us for our instructive little book to mothers. Address: Fradette Register Co., 515 Lamar Bldg., Atlanta, Ga.

It should be remembered that what is said of "Mother's Friend" is the thought expressed by the thousands of women who have successfully used it and recommended it through two generations.

SEEK ALL FACTS ABOUT DEATH OF HARRY MOSHER FOUND IN RIVER

Brother of Man For Whom Inquest Was Held at Meredosia Inclined to Believe He Met With Violent Death.

The Peoria Journal prints the following story about the death of Harry Mosher, whose body was found floating in the river at Meredosia a few weeks since. There is a hint that Mosher may have met with foul play and relatives will make a thorough investigation.

"What became of the estate of Harry Mosher, a resident of Peoria and for a number of years a waiter at a restaurant on Bridge street, who was drowned in the Illinois river several miles below Beardstown during the first week of August?"

To determine the answer to the question which has arisen since the drowning the case may be reopened in Morgan county, where a coroner's jury returned an open verdict in the case, after Mosher's body had been found floating in the river near Meredosia, several miles below Beardstown.

"Jasper Mosher, brother of the drowned man, reached this city several days ago, summoned from his home in far off Augusta, Me., by a letter which bore the signature of George G. McKnight, living at 508 Seventh street. Mosher was accompanied to Peoria by his step-father, who resides in Chicago, and in an interview with Chief Rhoades both declared their intention of pursuing the mystery to an end in an effort to determine whether the dead man was the victim of foul play as is implied.

"McKnight, who is employed out of the city at present, and spends only week-ends in Peoria, could not be located yesterday to make a detailed statement concerning his knowledge of the value of the dead man's personal effects. According to the letter which summoned Jasper Mosher to Peoria, however, McKnight knows that at the time Mosher left this city to go down the river with a partner on a hunting and fishing trip, he was possessed of a large sum of money, and was carrying on his person jewels to the value of nearly \$2,000.

McKnight states in the letter that he became acquainted with Mosher while the latter was waiting tables at the Bridge street place where he had been employed for ten years. The pair became close friends in the period of their association and Mosher divulged to McKnight the extent of his wealth.

"In the middle of July, it is said, the waiter decided on a vacation, and is alleged, was induced by a clam-digger named Shadrick to accompany him down the river to a cabin boat. McKnight heard no word from Mosher for two weeks, and then came a report that his body had been found floating in the river. Those who found the body testified at the coroner's inquest held in Morgan county, that it had been floating half way out of the water, which is unusual in cases where drowning has been the cause of death. Witnesses also stated that the appearance of the "floater" indicated that he had been in the water no more than two days.

"Reports say that Shadrick was present at the inquest; that he testified that Mosher had been fishing across the river from the cabin boat, that he had called for help and that nothing was to be seen of the man or his body when help reached the scene.

"The coroner's jury was unable to determine that Mosher had met his death by drowning, but neither was the evidence sufficient to warrant implicating anyone on suspicion of having murdered Mosher and thrown his body in the river. So an open verdict was returned.

"McKnight makes no positive statement of the amount of the estate possessed by Mosher, but mentions real estate holding and implies that the dead man left behind him several thousand dollars at the time of his death."

WOMEN ENTHUSIASTIC IN THEIR ELECTION WORK

Active Campaign in Progress for Retaining Present Form of Government—Public Meeting Friday Night.

The civic league organization committee is doing active work in the campaign for preserving the present form of city government. Cards are being circulated widely asking for the signatures of those who will vote "No" on the proposition. These cards were designed especially because the organization has previously urged women to vote "yes." Last night the committee began the distribution of yellow silk badges which indicate that those who wear them believe in Jacksonville remaining under the commission form of government. As soon as the committee announced that the badges were ready many requests came for them.

As previously announced a mass meeting will be held at the Court house Friday night for a discussion of the question. A number of citizens will make brief speeches and tell why they believe that the city is better off under the commission form than under the aldermanic system. Questions may be asked and altogether the meeting promises to be very interesting.

NOTICE.

All students desiring lockers at the 8th Grade Building should bring twenty-five cents with them today to pay for their keys.

FUNERALS

Vasconcellos.

The remains of the late Joaquin Vasconcellos arrived in the city from Chicago on the Wabash Tuesday afternoon at 5:11 o'clock and were taken directly to Jacksonville cemetery for interment. Brief services were held at the grave with the Rev. Walter E. Spooner in charge. Music was furnished by Mrs. James Scott and Mrs. Jennie DeFrates. The bearers were: John Vasconcellos, Elmore Vasconcellos, Harvey Vasconcellos, Henry Vasconcellos, John Nunes and G. W. Foster.

MORTUARY

Engle.

J. C. Weber has received word from Mrs. Rose Engle announcing the death of her husband, J. E. Engle, at the family home in Forest City Tuesday, Aug. 31. Deceased had been subject to acute indigestion for some time and recently suffered an attack of ptomaine poisoning and this caused a complication which resulted in his death. He was a Christian church minister and had two charges at the time of death.

Mr. Engle was well known in this city. He was a noted poultry fancier and had been judge at poultry shows in this city a number of times and had made addresses at poultry banquets. He was a breeder of single comb White Leghorns and raised fine stock, some of his birds going to foreign countries.

He was about 45 years of age at the time of death. His wife and one daughter survive.

WHITE HALL DRIVING CLUB HOLDS MATINEE.

The White Hall Driving club held a matinee Tuesday afternoon. There was a card of four races and every race was hotly contested. It required five heats to settle the twenty trot which was finally won by Bonnie Ashford. There was a large attendance, many being present from other cities. Music was furnished by the White Hall band.

The races and winners follow:

2:30 trot: First, Bonnie Ashford; 2nd, Constant Brook; 3rd, Brown Silver. Best time—2:29 1-4. Honey Bee, Gratian B. Princess Hurst, Sidney rook, and Tommy B. also started.

2:25 pace: First, Alice Dean; 2nd, Billy D.; 3rd, Dan D. Best time—2:27 1-4.

WELL KNOWN CHICAGO SOCIALIST COMES THIS WEEK

Alderman Kennedy Will Make Two Addresses Here — Speaker Has Been Prominent in Sociological Work.

Alderman John C. Kennedy, of Chicago, is to speak in Central park Thursday and Friday nights of this week. He is one of two socialists now serving in Chicago's council of seventy members and has made a record for aggressive work in the interests of the people.

John C. Kennedy was born in Brookton, Me. in 1884. He was educated in the public schools of Maine and New York state and won a scholarship to Cornell university in a competitive examination. At Cornell he soon showed unusual ability in history and social science and in his economics. On his graduation, he was elected a member of the Phi Beta Kappa society in recognition of his brilliant work as a student.

After serving two years as instructor at the University of Chicago, Mr. Kennedy was employed by the University of Chicago Settlement to make a social survey of the famous stockyards district. For two years, he together with a corps of six assistants thoroughly investigated the wages and working conditions in the packing houses, collected data on incomes and expenditures of over 500 families, investigated the housing conditions and became thoroughly familiar with the life and labor of the quarter of a million of the people who live in Packingtown.

On the completion of this work, Mr. Kennedy traveled in several European countries, including Germany, France, Belgium and England in order to study social conditions and to see what was being done in Europe to solve the great social problem of our time. He made an especially careful study of the socialist and labor movement of these countries.

On his return to America, Mr. Kennedy was employed as an expert on the housing problem by the housing committee of the Chicago Association of Commerce. While engaged in this work, Mr. Kennedy became familiar with housing conditions in all parts of Chicago and submitted a very thorough report to the association of commerce showing that much had been done to abolish the slums of Chicago and other great cities.

Although Mr. Kennedy has been a member of the city council of Chicago but a short time, he is already recognized by men of all parties as one of the strongest members of that body. Alderman Kennedy was the father of the famous Anti-strike-breaker ordinance which was designed to keep strikebreakers off the cars during the great Chicago street car strike. This ordinance passed the city council by a vote 57 to 8, and

it is generally agreed that the passage of this ordinance was chiefly responsible for the early settlement of the strike, and the victory for the men.

Alderman Kennedy is also chairman of the special committee which is gathering information and preparing plans to open the public schools of the city as free social centers for all the people. If all Alderman Kennedy's plans are adopted, the school buildings will be used by the people of the districts for all kinds of meetings, lectures, dances, concerts, entertainments, gymnastics, etc.

INVINCIBLE CLASS EXPRESSES APPRECIATION

For five Sundays Rev. Dr. F. M. Rule has had charge of the Invincible Bible class at Northminster Presbyterian church, which is composed of about thirty-five grown men. It is a very interesting group and the lessons are given due study in preparation for the Sunday class meeting.

Dr. Rule was most agreeably surprised Tuesday when he was visited by the president of the class who in behalf of the members of that body presented him with a handsome purse containing substantial amount of money. With this souvenir was a copy of resolutions of thanks tendered by the class, in testimony of their appreciation of the doctor's efforts in their behalf during the absence of their regular pastor and teacher.

DR. AND MRS. WALTER FRANK TO LEAVE FOR THE EAST

Jacksonville Physician Will Take Six Months Work in Philadelphia and New York.

Dr. and Mrs. Walter L. Frank will leave today for Popular Bluffs, Mo., for a brief visit with Dr. Frank's parents after which they are going east where the doctor will spend about six months in postgraduate study.

Dr. Frank graduated at Illinois College in 1908 and from the Medical Department of St. Louis University in 1912. During 1912-13 he was interne in the St. Louis City Hospital. After completing his internship he entered general practice at Mexico, Mo., where he remained until March, 1914, when he became associated with Dr. Carl E. Black of this city and has rapidly come into local favor.

On his trip East he will be accompanied by Mrs. Frank and his small daughter. They will first spend several months in Philadelphia where he will attend the Philadelphia Polyclinic. Later they will go to New York and there the doctor will do special work in the New York Postgraduate school, New York, Eva, Ear, Nose and Throat Infirmary and other institutions of that city. Ever since graduating from medical school it has been Dr. Frank's plan to take up diseases of the eye, ear, nose and throat as a specialty although he did not want to do this until he had had several years experience in general practice.

After completing the course laid out he will return to Jacksonville and to his offices in the Avers Bank building, where he will devote his time to this specialty.

TO OBSERVE SIXTIETH WEDDING ANNIVERSARY

MR. AND MRS. JOSEPH DESILVA WILL CELEBRATE EVENT TODAY.

Couple Was Married in Jacksonville in 1855 and Have Resided at 724 West Lafayette Avenue Since 1858—Both Were Born on the Island of Madeira.

Today at their home, 724 West Lafayette avenue, Mr. and Mrs. Josepa DeSilva will celebrate their 60th wedding anniversary. The aged couple will celebrate the event in a quiet manner with the same unostentatious that has always marked their lives in the community. They are valued residents of this community and their children have become prominent in other cities. The following brief sketch is contributed by Charles DeSilva, of Houston, Texas.

Joseph DeSilva and Miss Theresa Goveia were united in marriage, Sept. 8, 1855, by Rev. Mr. Gon-salves, who was a missionary, residing in Jacksonville, at that time. Mr. and Mrs. DeSilva immediately commenced housekeeping in a long Log House, situated on West Walnut street, between North Diamond and Pine streets, and owned by Mrs. Mary Alves. In 1856 Mr. and Mrs. DeSilva moved into a brick house on North Diamond street, north of the T. W. W. railroad, now the Wabash, where their first child was born on February 15, 1857. The next year they purchased a lot on and had a home built in 1858, and five sons were born therein, namely, John, George, Victor, Louis and Benjamin. The first four have passed to the unknown. Charles, Dr. Joseph and an infant, who died in infancy, were born on North Diamond street. Three sons are now living, Charles, Dr. Joseph and Benjamin; also nine grand children and four great grandchildren.

Mr. DeSilva was born on the Island of Madeira, March 8th, 1834, and left there, in 1844, for Georgetown, Demarara, B. G., and from there he went to Port-of-Spain, Trinidad, B. W. I. After remaining there a few years, he came to the United States, arriving in Jacksonville in April, 1853.

After a short time he entered the employ of Mr. Galbraith, who owned race horses, also a tin shop on the West side of the square, about where Dunlap Russell's bank is located now. After remaining with Mr. Galbraith a few years he entered the employ of W. B. Johnson and Richards, who were located then on the southwest corner of the square.

Next, he went to work for Wheeler & Galpin on the south side of the square, and his shop mates were Terry Brennan, Thomas Keyes, J. J. Murphy, Pierce Howell, Joe Brennan and Theodore Van Nest, known as Uncle Dorie.

After Mr. Galpin's death, S. W. Nichols, Terrance Brennan and Joseph DeSilva bought the business and the firm was known as Nichols, Brennan & Co. Later on Mr. DeSilva sold his interest in the business to Nichols and Brennan. Then Mr. DeSilva took a trip to the British West Indies in 1873. In 1874, he entered the employ of W. B. Johnson & Sons and remained with them until 1899, excepting about one year, 1878, when he went to Rio Janeiro, Brazil, with his son, Charles, Laurence Pine and George Pitta.

Since 1849, Mr. DeSilva has retired from active pursuits. Mrs. DeSilva, was also born on the Island of Madeira, Oct. 17, 1837, and arrived in Jacksonville in the fall of 1849. Mr. and Mrs. DeSilva have occupied their present residence since 1858, with the exception of about three years, from 1867 to 1870, when they lived on North Diamond street, and then they bought the home place back again.

"Really, Old age, must have its compensations, indeed its positive blessings! and in the security of feeling that thing are somehow complete, the head and the toil of the day being past, must be a pleasant port in which to lie a while at anchor before hoisting sail for the last long voyage to the unknown."

TO THE PUBLIC.

YOU ARE CORDIALLY INVITED TO ATTEND OUR FALL OPENING, WEDNESDAY, SEPT. 15, ON WHICH OCCASION WE SHALL DISPLAY THE NEWEST AND LATEST CREATIONS IN FALL AND WINTER SUITS, COATS, SKIRTS, WAISTS, FURS AND MILLINERY, ALL AT MOST REASONABLE PRICES.

INJURED BY FALL.

John Schroeder, 716 East Railroad street, an employee of the Jacksonville transfer company arrived at home Monday night from Beards-town where he had been spending Labor Day. He came on a train of empty flat cars and in getting off, near the plant of the Illinois Steel Bridge Co., became entangled in the switch wires and fell. He received wounds about the head and face, suffered a badly lacerated thumb, and almost bit his tongue in two. His injuries were attended by Dr. W. P. Duncan.

WHITTALL RUGS

The "Quality" Rugs

PRICE counts when buying a rug. But other things count, some of them far more than price. Quality is one of these things. And Whittall quality counts for most of all. The Whittall Mills placed quality first. That means quality of yarn, of design, of workmanship. The three stand together. They did well to take such a stand. It put Whittall Rugs right at the top. Today they are known as the one sort of Rugs that can always be counted upon to be right in quality. And more Whittall Rugs are sold today than ever before.

Whittall Rugs are special value at regular price. They always sell at that regular price. Folks who know quality pay the price; they know they get full hundred cents' worth for every dollar they pay. 'Tis this sort of merchandise we like to sell. That's why Whittall Rugs are leaders here. More weaves than one, of course. More qualities than one, too. But always "Whittall" means best quality that can be sold at the price. New assortment of all qualities in stock.
